

MIFTAHUDIN ALDI SAPUTRA

SOFTWARE ENGINEERING

Full-Stack Developer building end-to-end web and mobile applications, from database design and backend APIs to responsive user interfaces. Experienced with Laravel, Vue.js, Flutter, MySQL/PostgreSQL, REST APIs, Docker, and VPS deployment. Uses AI-assisted development, LLM API integration, and workflow automation and MCP to deliver clean, reliable solutions faster.

SKILLS

- Frontend: HTML5, CSS3, JavaScript, Vue.js, Tailwind CSS, Bootstrap
- Backend: PHP, Laravel, REST APIs, Python, Java, C#/.NET
- Mobile: Flutter, Dart
- Database: MySQL, PostgreSQL, SQLite, Supabase
- DevOps & Tools: Git, GitHub, Docker, VPS, NPM, Postman
- AI & Automation: AI-Assisted Development, LLM API Integration, Prompt Engineering, MCP

EDUCATION

Bina Sarana Global Institute of Technology and Business
Bachelor's Degree in Informatics Engineering – Software Engineering
2022 – 2026

EXPERIENCE

FULL-STACK DEVELOPER INTERN - PT FUJIAYAMA TECHNOLOGY SOLUTIONS (NEO SOHO APART)

August 2025 – February 2026

Developed and tested REST APIs for a tire reservation system, including authentication, reservations, users, admin endpoints, validation, and file uploads.

Contributed to debugging, API documentation, Git-based collaboration, database/project migration, and deployment testing.

Built supporting features for FTS Stock and Flutter/Firebase notifications, including models, seeders, search/filter, and queue worker deployment.

FULL-STACK DEVELOPER - PT FUJIAYAMA TECHNOLOGY SOLUTIONS (NEO SOHO APART)

February 2026 – Present

Develop Laravel-based web systems with booking, membership, inventory, vouchers/QR codes, reviews, notifications, payment, vendor management, and automated testing.

Built and improved the multi-tenant FTS Menu SaaS with onboarding, subscriptions, QRIS payments, analytics, multilingual UI, tenant isolation, security hardening, and admin dashboards.

Integrate AI and API features using OpenRouter and local LLMs, including chatbot flows, business knowledge, multilingual AI Concierge, and secure website-to-model connectivity.

CERTIFICATIONS

Laravel 11, Breeze & Spatie – BuildWithAngga, 2024
JavaScript Expert – Codepolitan
Alibaba Cloud Certification
Microsoft Office Specialist: Excel Associate – Office 2019, 2026
